

## BIC

BIC - (**B**ank **I**dentifier **C**ode or bank swift code) – International bank identification code containing 8 or 11 characters, used for identification of a financial institution in financial transactions, e.g. also with payments to foreign countries.

**It is obligatory to specify the BIC code of beneficiary's bank with executing payments within the countries of the EU and the EEA.** Failure to do so is charged in terms of the [Service Charges](#).

**Tatra banka swift code is TATRSKBX.**

TATR unique bank code containing four characters  
SK country code containing two characters  
BX bank seat code containing two characters  
XXX branch code (if the bank has several swift addresses)
